DAVE CARSON,

WHO HAS THE HONOR TO ANNOUNCE THAT HIS

FAREWELL BENEFIT

Will take place as above, viz., on

SATURDAY EVENING, JUNE 9TH.

PROLOGUE.
DON'T READ IT, IF IT IS TOO LONG.

Extract from a "Leader" in the "Englishman," March 10th, 1866.

The success of *Dave Carson* is quite a legitimate one. He is by no means an ordinary "Bradder Bones," for in addition to great facility in the performance of those antics which attach to his part in a Ethiopian Troupe, he possesses considerable powers of observation, a vein of true Comic conception, and gifts of mimicry not unworthy, in their limited range, of the elder Mathews, or of our contemporary Woodin. But by far the greatest merit he has displayed has been the *courage* and skill with which he has determined to amuse Anglo-Indians with the world around them, and to prove to them that human life will everywhere afford ample material for genuine humour, if skilful points of character are only rightly apprehended and faithfully reproduced. His representation of "the Bengalee Baboo" is a finished portrait, and so far from exaggeration that we think on this account only, it might be unable to satisfy a critical English audience. The character might fail to interest in itself, and the audience would be unable to appreciate the care and delicacy with which each tone and gesture were imitated. Not less happy are the sketches of Anglo Indian and Portuguese life. We have no reason to believe such representations have ever been attempted before, and if there be anything discreditable to us in the fact that an American Artist (we use the latter word advisedly) should be the first to point out to us the materials for humourous creation lying immediately around us, we must not the less give credit to whom the credit is due,—nor it is to be hoped refuse to profit in the future by the example his success affords. * * * * *

An elapse of more than ten years has taken place.

Extract from "Englishman," Nov. 27th, 1876.

Dave Carson and his Troupe met with quite an enthusiastic reception at the Choringhee Theatre on Saturday night. The House was bit rally crammed, and the people in it seemed inclined to applaud everything to the echo. As Dave said, it seemed as if he was coming back to the bosom of his family.

Extract from the "Indian Daily News," Nov. 27th, 1876.

Theatre Roy l.—Dave Carson's Troupe opened their season here on Saturday evening, and as usual on Dave's first night, there was a crowded house, the manager is coming on before a sea of faces that might well encourage them. Mrs. Carson presided at the Pianoforte, and on her entrance was warmly recognised. Then followed the minstrels, Mr. Carson acting as the "whip," and did his part once by applause will still more hearty, and we have no doubt was highly gratifying to him. * * * * * Dave's observations on the changes that have come over Calcutta, during his absence, were received with roars of laughter. Indeed the drollery and wit of *Dave* are a great feature of the entertainment.

Extract from the "Statesman," November 27th, 1876.

Theatre Royal.

Dave Carson's Minstrels.—A very large audience assembled at this Theatre on Saturday night last to welcome back that old favorite and able caterer for public amusement. Dave must have been highly gratified when he stepped forward to make his bow to witness a house crammed from floor to ceiling. The whole company was warmly received by the audience, which appeared thus early to have determined upon a pleasant night's amusement. Mr. Carson, like a clever manager, put forth the whole strength of his troupe for his opening night, and we must confess that he met with eminent success. We have little else than praise to accord, and we shall be disappointed if the public does not flock nightly to hear so good and agreeable an entertainment. * * * * * "Dave" was, as ever, witty, irrepressible, joke ive, and comical. Brimful of fun and humour himself he possesses a knack of imparting some of his Jolly vein to his audience, thus pleasing and amusing the most taciturn and dyspeptic mortal. Listening to Dave's banjo its and comicalities does one more good than a dose of pill phallis pills, and we recommend those who dislike physic to consult Mr. Carson this term are moderate) at his quarters in Chowringhee, feeling assured they will be benefited by so doing.

Extract from "Englishman," Nov. 30th, 1876.

Dave Carson's Minstrels.—Although the Theatres seem to find a difficulty in getting an audience for more than two nights to see anything except a Pantomime, the evergreen Dave, with his new Company, undoubtedly the best he has ever brought to India, has carried out the same programme for three nights running with success, and well deserved success.

SARSAPARILLA,

Wilkinson's Essence of Fluid Extract of

REDJAMAICA SARSAPARILLA

IS THE ONLY PREPARATION RECOGNISED BY THE FACULTY AS A WONDERFUL PURIFIER OF THE HUMAN BLOOD.

It is not too much to say that those suffering from the effects of TROPICAL CLIMATES, such as TORPID LIVER, DEBILITY, ATTENUATION OF BODY, ERUPTIONS, LASSITUDE, &c., will by taking this extraordinary ESSENCE OF REDJAMAICA SARSAPARILLA, soon find relief and ultimately a cure. It is asserted by those who take a little DAILY (in accordance with the instructions given), the system becomes less liable to attacks of illness.

"We cannot speak too highly of it."—*Lancet.*

"We recommend your *Red Jamaica Sarsaparilla.*"—*Medical Review.*

"The only preparation for removing what may be called the sequelæ of a mercurial course."—*Sir R. Martin.*

The late Lord Clyde writing for a further supply of *Wilkinson's Sarsaparilla*, says, "I am never without it for when feeling depressed or out of sorts from anxiety or fatigue, a dose or two animates me."

"You *Essence of Red Jamaica Sarsaparilla* CURED me of a Torpid Liver after all other remedies failed."—*Earl of Aldborough.*

PREPARED ONLY BY

THOMAS WILKINSON, 270, Regent Street, London,

Sold in quarter half, and pint bottles.

CAUTION.—Many spurious, worthless, and injurious preparations are offered to the Public ; see that both Bottle and Label have the Name and Address, also Trade Mark (W. in a diamond) at the bottom of the bottle.

Agents.—Treacher & Co.; Kemp & Co.; Rogers & Co.; Bolton & Co., Bombay, and all respectable Firms in India.

NEW ADVERTISEMENTS.

NOW READY,

BOMBAY GAZETTE OVERLAND SUMMARY.

The *BO

COMMERCIAL INTELLIGENCE.

BOMBAY MARKET REPORT.

BOMBAY, 8TH JUNE, 1877.

Our markets having been closed on Saturday the 2nd, and Monday the 4th, instant, in honour of the Queen's birthday, we have only three days' business to notice for this mail. During the interval, continued quietness has been the prevailing feature in most of our markets, the season in fact being virtually at an end. Moreover, we are to a great extent guided here by the daily telegraphic advices from home, and these latterly, with the exception of Cotton, which displays some additional firmness, have not been such as to cause much movement or activity. The rumoured peace negotiations on the part of Russia prove to have been without foundation or at least premature, and the political situation in Europe may accordingly, so far as commercial people are concerned, be considered as unchanged. Consols which had advanced to 95¼ have receded to 94⅝ ex.div. or equivalent to a decline of ⅛ from the highest point; French Rentes meanwhile remain at 104¾. Wheat is firmer again in London, but Seeds are dull.

The weekly biddings for Council drafts on India took place in London yesterday. £277,000 were offered—being the usual weekly amount of £265,000 and the £11,500 left over unallotted from the previous week—of which £238,000 went on Calcutta at an average of 1s. 8·58d., and £39,000 on Bombay at an average of 1s. 9·61d., tenders on both places at 1s. 8 9/16d. for Bills receiving in full and for telegraphic transfers 17 per cent. of the amounts applied for. As compared with last week's rates the above show no appreciable difference in the demand for remittance to this side, and Silver remains at 53⅛d. per oz., or equivalent to 1s. 8 9/16d. per rupee. We can scarcely expect, however, that even the present demand for the transfer of Money to this side can be maintained much longer, with every day's business in exports showing a marked falling off, and as this becomes more apparent the rate obtainable for Council drafts must be expected to recede. A reduction in the Secretary of State's drawings would, if announced, necessarily exercise an opposite tendency, but notwithstanding Lord George Hamilton's intimation in the House of Commons two days ago to the effect that nothing had yet been decided as to the amount of Money to be raised in England the majority of people are of opinion that the present, scale of Council drawings is not likely to be altered this year.

To-day's *Government Gazette* announces the loan to be raised in India at 2½ crores of rupees, bearing interest at the rate of 4 per cent. per annum. Tenders will be received up to 9th July, and subscriptions will be spread over five monthly instalments—the first on 23rd July, and the last due on 23rd November. Some difference of opinion is expressed as to whether the 78 lacs which Government have arranged to borrow from Native States is in addition to the above amount or not, but we think there can be little doubt that it is so. The 2½ crores will be in every way on the same basis as the consolidated loans of 1842-43, with the exception that notes for amounts down to Rs. 100 or any multiple thereof, will be issued instead of the former minimum of Rs. 500. This new feature may be of service in attracting small investors, although we question whether this class is sufficiently numerous to be of importance.

MONEY.—The last Bank of Bombay return for the week ending on the 1st instant, owing to the holidays, was only issued on the 5th. It was generally anticipated that the return would be a favourable one, and so far as regards the trade demand it was so, a reduction of fully 8 lacs being shown, but as the Government withdrawals amounted to 26½ lacs, and there was an increase in Bullion of 3 lacs, the Cash Balance was reduced by 21 lacs. As was to be expected in the face of such a movement, the weekly Board Meeting on Wednesday passed over without any change being made in the Bank's rates of interest and discount, which still stand nominally at 9 per cent. on short-dated Bank bills, and 12 per cent. on Mercantile Paper, although the present rate for 60 days' sight Bills on Calcutta is only equal to 6 per cent. per annum A reduction from these figures, however, cannot in the ordinary course of things be postponed beyond a week or two. This may be termed the last mail of the busy season, and as the pressure in Calcutta is entirely at an end, there is nothing to lend the market support but the Government Loan, and as this after all only means 500 lacs a month during the slack season, the effect is not likely to be very great.

EXCHANGE.—The transactions in sterling for this mail have necessarily been very limited, both on account of the holidays and of the rapid falling off in exports. Business opened on Monday morning at the following quotations for last mail, and no change of any kind took place until this morning, when the announcement of the new loan caused a somewhat firmer feeling, closing rates being:—Bank Bills on demand 1s. 8⅞d., 6 months' sight 1s. 9d.; Credits, 3 months' sight 1s. 9d., 6 months' 1s. 9 3/16d.; Documents, 3 months' 1s. 9 1/16d. 6 months' sight 1s. 9¼d. per rupee. As we have already said, however, the effect of the loan spread over so much time will ultimately be very slight, and in all probability the present increased firmness in Exchange will prove but temporary

On Calcutta, transactions this week have been unimportant. We quote demand Bills at ¼ to 3/16 per cent. premium, 60 days' sight 1 per cent. discount.

On China, the nominal quotation for 60 days' sight Mercantile Bills is Rs. 223 per 100 dollars.

From Hong Kong the latest quotation for 6 months' sight Bank Bills on London is 4s. 3d. per dollar, and from Shanghai 5s. 5½d. per tael.

GOVERNMENT SECURITIES.—The market has been dull with a declining tendency throughout the week and to-day the somewhat unexpected announcement of the new loan has increased the dulness. There has not been time yet, however, for the full effect to be manifested, and we can only, therefore, give nominal quotations, say:—Fours Rs. 97½; Fours-and-a-half Rs. 97½; Fives-and-a-half Rs. 101½ to 102.

SHARES.—A quiet but fairly steady feeling has prevailed, and as a general rule the tendency of values has been in favour of holders. Bank of Bombays have been in good demand at an advance of 1 per cent., to-day's price being 41 per cent. premium. Agras are a shade firmer at Rs. 110, Nationals easier at Rs. 106. In Land Companies there has been next to nothing doing, and the only change is an advance of Rs. 10 in Port Cannings. Press shares are unaltered. Spinning and Weaving Companies continue in fair demand at about last week's values. The advance in the price of Cotton has been slightly against the working of the mills, especially as it has not been met so far by any proportionate improvement in the price of Yarn, but the monsoon coming on and the prospect of easier money has been sufficient to counteract this.

IMPORTS.

PIECE GOODS within the past day or two have shown rather more steadiness consequent on the stronger advices from home, but on the week there is no practical improvement. On the contrary, the business done has been very small, the current estimate of the clearances from first hands being 200 packages, and from the bazaar about 1,000 packages. Prices of Grey Shirtings are nominally unaltered, but Printers, Madapollams, and Jacconets are generally about one anna per piece lower. In Bleached Goods there has been some little business doing in Jacconets, Mulls, and Lappets at about former rates, but other makes are neglected, and in Turkey Reds and Dyed and Printed Cloths transactions are unimportant. Stocks all round are in excess of current requirements, and this position seems likely to continue until the advent of the monsoon, when with the possibility of better prospects for the crops up country there will also be the possibility of an increased demand for goods of all kinds. In the meantime dealers have no inducement to operate in advance, and not only are they limited buyers on the spot, but very chary about indenting.

TWIST.—In English Yarns transactions continue on a most limited scale, and the best that can be said of the market is that supplies are not excessive, and that prices are nominally unchanged. In local Yarns the clearances of late have been considerable, buyers being attracted by the low rates to operate pretty freely before the monsoon.

METALS.—*Copper.*—Although the demand is not active the market is firm, and business has been done at an advance of As. 4 per cwt. in Braziers. *Yellow Metal*: braziers are also firm at an advance of As. 8 per cwt., but other kinds are unchanged. Supplies are moderate. *Iron* is steadier than it was. Stocks are still heavy, but an improved demand has enabled sellers to obtain an advance of As. 8 to Re. 1 per candy in Swedish and British Bars. Square Nail Rods are Re. 1 per candy lower.

COALS.—The lock-out in the Newcastle district having apparently terminated, there have been numerous sellers to arrive since the holidays, and this being accompanied by fairly liberal arrivals for the market, a decline of Re. 1 to Rs. 2 per ton has taken place A steamer cargo of North Wales Main Steam Coal in harbour has been sold at Rs. 15½ to Rs. 16, and some small lots of Davison's West Hartley, June-July shipment via Cape, have been sold to arrive at Rs. 19½ per ton alongside. Nominally, to-day's quotations to arrive via Cape are:—Davison's West Hartley Rs. 19, Laird's Welsh Hartley Rs. 16, Watson's Hartley Rs. 16½, Cardiff Rs. 16½ per ton.

EXPORTS.

COTTON.—The Liverpool telegrams during the week have shown more activity than for some time past, prices having advanced 3/16d. in American and 5/16d. per lb. in Surats. This, coupled with short supplies has rendered sellers here very firm, and although we were previously quite ¼d per lb. above the then Liverpool arrival currencies, a further advance of Rs. 6 to Rs. 7 per candy has taken place.

Buying here has been much more active, than seemed at all likely a week ago, the feeling then being that the season had virtually closed. Since last mail left about 15,000 bales have changed hands in all comprising 8,000 bales Dholleras, 2,000 bales Veraval, 3,500 bales Omrawuttee, &c., 800 bales Ginned Broach, and 700 bales Compta and Ginned Dharwar. Of these about 3,000 bales, chiefly Dholleras, were for local mills, the remainder being for export With this week, however, we may consider we have seen the last of exports of any importance for this season, as the monsoon in the ordinary course of things cannot be more than a few days off. Assuming this probability, our previous anticipations of the clearances for the six months look like proving very near the mark. The *actual Sailings* for the week have only been 39,207 bales, against 112,022 bales for the corresponding week last year, making the total from 1st January 664,749, against 642,611 last season, and so far as can be seen at present the total for the six months will not be much over 750,000 bales.

The *Receipts* from up-country to date are as follows:—

	1877.	1876.	1875.
For the week	27,000	34,986	27,874
Total since 1st Sept.	1,072,648	1,009,024	1,180,426

The following are to-day's quotations for New Cotton with the equivalents in Sterling Cost and Freight to Liverpool, via Canal, without Commission:—

Full-pressed—	₹ Candy	₹ lb. C. & F.
New Broach Ginned F.G.F.	Ready ....Rs. 197	= 6¼d.
" Omrawuttee Good	do. ..... " 187	= 5 1/16d.
" Omrawuttee Fully Good Fair	do. ..... " 183	= 4 15/16
" Do. Good Fair	do. ..... " 180	= 4¾d.
" Dholleras Good	do. ..... " 193	= 5¼d.
" Do. Fully Good Fair	do. ..... " 185	= 5d.
" Do. Good Fair	do. ..... " 182	= 4 15/16d.
" Do. Fully Fair	do. ..... " 177	= 4 13/16d.

SEEDS.—*Linseed* has been rendered dull by adverse advices from home, and supplies being also somewhat more liberal, prices have declined to Rs. 6-4½ per cwt. *Rapeseed*, although in moderate request, is also dull and declining from the same cause, and we quote for ready Rs. 6-11 to Rs. 6-12 per cwt.

WHEAT is in better supply, and notwithstanding a fair extent of buying prices are fully Re. 1 per candy lower on the week. We quote Best White Rs. 38 to Rs. 38½, Mixed Rs. 36½ to Rs. 37, Red Rs. 31½ to Rs. 32, per candy.

SHIPPING INTELLIGENCE.

THE SHIP SACHEM, 1,380 tons, Captain W. Crowell, will sail to-day for Batavia in ballast.

THE SHIP ALLEGIANCE 1,180 tons, Captain J. James, will sail to-day for Amsterdam, with a cargo of 34,500 cwts. linseed and 200 cwts. bones.

THE B. I. S. N. Co's ss. MEDINA, 523 tons, Captain E. C. Russell, sailed yesterday for Coast and Calcutta, with a general cargo, and seven deck passengers.

THE BRITISH PRINCE, 1,492 tons, Captain R Johns, arrived in harbour yesterday from Newcastle (March 22nd), with a cargo of 1,9·2 tons coals. The vessel is consigned to Messrs. Finlay, Scott and and Co.

OUTWARD BOUND.—The P. and O. Steamer Bokhara sailed on Saturday last with the following passengers from Madras:—

To Southampton—Mr J R Hunter, Mr and Mrs Underwood 1 child, 2 infants, Mrs Hearn, Mr C W Rolland, Mr W H Gott.
To Brindisi—Dr Frguhar and Mr J McMaster.
To Aden—Mr and Mrs Cooper.
To Galle—Mr W A Howe.

In a paragraph we published a few weeks ago Mr. Edwin Arnold and Mr. George Hooper were spoken of as the leading spirits of the *Daily Telegraph*. This description is hardly correct, at least as regards Mr. Hooper, though it is true enough of Mr. Arnold, whose position on the *Telegraph* is altogether unique. Mr. Edward Levy, however, is still, as always, the guiding spirit and deciding voice in the management of the paper.

H. E THE GOVERNOR leaves Bombay for Poona to-morrow.

THE commission for executing a bust of the late Captain Henry for Bombay has been entrusted to Mr. Adams Acton.

THE *Bombay Government Gazette* announces the resignation by the Honourable Donald Graham of his office as an Additional Member of the Council of the Governor of Bombay for making Laws and Regulations.

WE believe it is settled that, when Sind is separated—a few weeks or at the outside a few months hence—from Bombay, the Frontier will be placed under the Government of India, and Kurrachee and the rest of Sind under the Punjab. Probably, had Sir Richard Temple known the end was so near at hand before he went to Sind, he would not have dared the nausea of seasickness to visit an outlying province which is so soon to be taken from under his control.

IN the district of Mysore there were thunderstorms from the north-east, with heavy and refreshing rain on the 4th and 5th inst. "

THE Maharajah of Cashmere has, it is said, taken six lakhs of rupees in the new Government loan, the Maharajah of Puttiala two lakhs, and the Rajahs of Jheend and Nabha a lakh each.

THE Mahomedans of Patna have collected Rs. 7,500 for the relief of the Turkish wounded and the widows and orphans of the killed, and have sent Rs. 6,500 of that amount to the Turkish Consul General at Bombay for transmission to Turkey.

DR. CUNNINGHAM, one of the specialists attached to the office of the Sanitary Commissioner with the Government of India, has been in Madras during the last three weeks, making a scientific investigation of some of the forms of disease which have appeared in the relief camps. Dr. Lewis was sent to Bombay to conduct a similar investigation.

THE rumour has reached Madras that the salary of the Chief Secretary to the Government has been reduced from Rs. 4,166-10-8 to Rs. 3,333-5-4 or to the amount drawn by the Chief Secretray in Bombay. This reduction has been contemplated for a long time, but it has been postponed *sine die*. It is said that Mr. Carmichael, the new incumbent, earns every anna of the old scale of pay.

THERE was a large assemblage of Mahomedans in the principal mosque at Lahore on Sunday last to raise a subscription in aid of the Mahomedans in Turkey. Many speeches were delivered, and the result was the collection of Rs. 4,000. The Deputy Commissioner gave Rs. 200, and Nawab Newazish Ali Khan Rs. 1,200. A woman presented her golden earrings for the purpose.

SURGEON GENERAL E. G. BALFOUR, late Madras, is supposed to have confidently expected the (Civil) C. B. on the occasion of the celebration of the Queen's Birthday. But as he has been disappointed of that honour, he will probably now retire, as he forfeits income by remaining at the head of the Medical Department in preference to accepting the pension and annuity for which he has qualified.

IT is stated that the Ameer has given strict orders to the Officer Commanding the troops at Lalpoora to put guards on the road to examine all travellers to and from Cabul and Peshawur. No one is permitted to pass towards British territory with any written communication, and no one is allowed to pass from British territory towards Cabul at all. A report is current that Kazi Abdal Kadir has escaped from confinement and that in consequence the Ameer has imprisoned the Kotwal Hakim Khan for conniving at his escape.

THE Viceroy Li had a narrow escape at Tientsin from wound or perhaps death on the 21st May. He was inspecting a battery of horse artillery armed with Krupp guns. After witnessing the usual manœuvres, which were creditably performed, a few rounds of percussion shell were fired across the marshes which lie between the city wall and the great Arsenal—when the wind suddenly shifted and a cloud of dust arose. The Viceroy gave orders for the exercises to be stopped and for battery to return to quarters. He then went to a shed for shelter. He had scarcely reached the shed when a percussion shell exploded, and in an instant all the rest of the ammunition, about forty twelve-pound shells and the same number of cartridges, each weighing a pound and-a-half, also exploded. Six men were blown into small pieces, and over forty artillery men were wounded.

FRANKLIN learnt his first practical lessons in electricity from the use of a kite, and a modern electrician, following his example, now makes use of the same means for sending messages. Prof. Loomis, of Washington, who has closely studied electrical phenomena, claims to have communicated with an assistant twelve miles away by means of an aerial current. The current was reached by flying kites a certain height at each point, the string used being copper wire. When both kites had attained the same altitudes or the same current, messages were sent and received at the distance mentioned by an instrument at the ground end of the wire, the only connection being the atmospheric current between the kites. This may effect a revolution in the present system of telegraphy over short distances.

THE *Pioneer*:—"The Hindoos of Edwardesabad, an important municipal town on the Punjab frontier, have lately made a surprising discovery, which may have serious consequences. It seems that the city well there has just been reconstructed on new principles, and that a portion of its newfangled gear consists of India-rubber fittings. When the well was ready crowds of thirsty Hindoos came and gazed at it and then went sorrowfully away without drawing its life-giving water. Days went by and the heat increased, but still the well was unused. At last the municipal committee held a meeting, and suffering Hindoos were asked what complaint they had to make about the well. They then humbly represented that India-rubber, *being elephant's skin*, was leather, and that so long as the water was contaminated by this objectionable substance, they would rather die than drink it. No amount of argument would convince them they were wrong. After much discussion of the knotty point, a collective letter was despatched to a learned Pundit of Benares as to the nature of India-rubber. His decision is awaited with much anxiety. Meantime the water famine continues. For the sake of the sufferers we sincerely hope the Pundit is sufficiently well up in natural history, to establish India-rubber securely on an honest, vegetable basis."

LORD LYTTON will not soon hear the last of that unhappy interference of his in the Fuller judgment. Here is another instance, says the *Madras Mail*, of the terror which Magistrates now feel in using their own discretion, and giving judgment according to their own lights. A District Magistrate in Madras has actually appealed to Government to know if the Government are prepared to give any orders or advice on cases ending before him. The Madras Government have replied as follows:—"The Acting District Magistrate of Tanjore and all Magistrates will be informed that it is not considered desirable that the Government should give any orders or advice to Magistrates on cases pending before them. It would not justify them to show that they acted in accordance with the wishes of Government or of the Government Law Officers. The Magistrate of the District, the Court of Session and the High Court are the proper tribunals to refer to in cases where the law permits a reference, as they are empowered to declare what the law is, and what the correct procedure is; but if these tribunals decline to give orders or advice in pending cases, the proper course is for Magistrates to deal with such cases on their own responsibility and view the law, and to the best of their judgment, leaving it to the superior Courts to correct them if they have erred in any way."

A BIG BAG FOR THE SEASON.

THE Nimrod of the Bombay Presidency, W. B. Muloch, Esq., C. S., has, during the late season, been dealing out death and destruction among the denizens of the Tanna and Salsette jungles. Eight tigers, four bison, two panther, with sambhur and pig, ought to satisfy the most sanguinary propensities; and we believe that Mr. Muloch is perfectly satisfied with the score he has made during the past season. Two of the tigers were killed within the last fortnight in the Salsette jungle. This ought to make some of the Bombay sportsmen's mouths water.

ADEN.

OFFICIAL NEWS REPORT FOR THE WEEK ENDING 29TH MAY.

JEDDA.—The information given in report of 16 h instant has to a certain extent been confirmed, as it is reported from Jedda that the Turkish Government has issued orders strictly prohibiting the importation of slaves, and has resolved to abolish the slave trade altogether.

HODEIDA AND SANNA.—Information has been received that Turkish soldiers are still encamped at Hajoor, and that they have not yet proceeded against the Hashed tribes. Seyud Moshin-al-Shihoree, the principal Hashed leader, it is rumoured, intends to invade at Sarda, a town belonging to the Hashed tribe, which was captured and occupied by the Turks last year.

SHEDAR.—It is reported that the kaitee sent five buggalows containing troops and captured Kosaior, a port about sixty miles eastward of Sherher belonging to the Hamoon tribes. It is also rumoured that the kaitee has abandoned Tocum in Hadramant, taken by him from the Kathirees last year.

A SWEEP SUGGESTED.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—There must be plenty of members in the Gymkhana with any amount of spare time on their hands. May I suggest to them the advisability of getting up a St. Leger Sweep, and devoting the percentage to expenses and the Bombay Gymkhana Fund? I am aware that there is already a Bombay Leger Sweep on foot, but I think if a Bombay Gymkhana St. Leger Sweep were advertised, or notice given that it would be held though its advertisement should not be made public, it would receive the general support of the Bombay public in addition to numerous up-country subscribers. We might have some hope of seeing a swimming bath and racquet court attached to the Gymkhana building in Bombay before long; and subscribers to the sweep who don't draw horses would still get something for their money.

SILVIO.

THE LATE *FRACAS* IN A TRAM CAR.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—As one of those present in the tram car during the disturbance on Saturday night, allow me to offer an unqualified contradiction to the statements of your correspondent in to-day's issue. Naturally enough, he has endeavoured to vindicate himself, and those who were with him, and to cast the blame on the other side. He might, however, have given as much of the truth as he conveniently could under the thick colouring with which he has coated his version. The gentleman who is said to have "struck first" simply acted as any *gentleman* would have done under like circumstances. There were two or three ladies in the car, and I am sure if they were Parsees, and like Europeans and Eurasians had behaved as the Parsee passengers did, your correspondent would have followed Mr. Martin's example.

The whole letter of your correspondent is one tissue of false statements. He endeavours to extol the bravery of his Zoroastrian brethren, but we know that bravery, like loyalty, is often but skin-deep. I can with certainty state that the Parsees numbered more than the other side, but this of course is "by the way."

E. E. F.

SUPPOSE.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—All officers in the service of Government are, I believe, aware that most stringent orders exist against the reception, directly or indirectly, by themselves or their wives, &c., of valuable presents from native princes and nobles. If any such presents are made and accepted, the recipient is bound to send the gift for valuation to the Government *Tokhkhana*, and if retention of the present is desired, to pay in its assessed value. These conditions are, I say, known to most officers in the service of Government; but by none are they better known than by those who hold political appointments at Native Courts.

But, *suppose* that an Indian chief or plenipotentiary were to proceed on a visit to England, and that a British officer were appointed to accompany him in the official capacity of representative of Her Majesty's Government—*suppose* that his wife accompanied him, and *suppose* that at one of the large capitals in Europe this lady were to receive from the Native Prince, Noble, or Minister *en route* to visit London, a valuable article of jewellery—would it be, under the rules above cited, obligatory on the husband to report this to Government? Or might exemption from the rules be claimed because the present was made to the wife and not to the husband? I merely ask for information, and I pause for a reply.

TREASURE TROVE.

A DENIAL.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—Allow me to correct a statement concerning the meetings in the P. and O Library which appears in your paper this morning.

1. The Acting Superintendent has kindly consented to allow it to be considered to be used free of charge, except for the use of the gas. 2. These meetings have *not* been transferred to the Z-nana Mission House. 3. The only meeting held by what your correspondent *will* call "Separatists" is on Sunday evenings in the Dockyard Road Hall, at which the Church of England Service is used. The P. and O. meetings are unsectarian gatherings of people belonging to the Dockyard and others living near, and are at the present time almost always simply Bible readings. They have been carried on for more than three years by permission of Captain Henry free of all charge, and there is no doubt that they have done a large amount of good.—Yours, &c.,

June 7. W. P. PARTRIDGE.

II.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—There is a paragraph in your paper of to-day referring to the Mazagon separatists, which states that Mr. Parker had "prohibited the separatists from holding any further meetings in the P. & O. Library." Now nothing can be further from the truth than this statement; he has, I believe, in the discharge of his duty, made a most reasonable demand for the rent of a large room and for the price of the gas which has hitherto been consumed in a most inordinate and uncalled for manner by these self-called separatists who assemble in number from twelve to twenty, principally, I believe, for the purpose of gossip, and who are, in reality, principally Methodists, although they call themselves separatists.

Mr. Willard, one of the four or five real separatists whom I know, has been in the habit of lighting the gas an hour or so before the meeting commences, and of keeping it lit about the same time after it is closed, for no earthly or other reason but that a few young people may gossip and flirt. The Hall in question was intended for the use of the P. and O. employés, but the possession has been usurped by a number of people who come from goodness knows where, and whom the employés, as a body, refuse to have anything to do with. If the separatists really require a hall and gas, &c., they can afford to pay for it, but they have not the slightest intention of doing so, while they can find any persons foolish to pay for these things for them, and thereby encourage them in their love of notoriety. One of these separatists said to a friend of mine that F ther Page had brought about the action of Mr. Parker which they complain of; I feel sure Fr. Page is too much of a gentleman to interfere in the slightest degree with the people who have been meeting in the P. & O. hall. Mr. Parker has done the right thing in giving notice that these notoriety-mongers should pay for what they get, and I think it a great pity it was not done before.

SPOT.

Mazagon Dockyard, June 7.

*** Mr. Parker has plainly done only his duty by the Company he represents, and those who seek to prejudice him on this account must be deficient in a right comprehension of what he owes to the trust with which he is charged.—*Ed. B. G.*

BOMBAY

A VAGRANT.—A European named John Collins was yesterday declared a vagrant by Mr. Dosabhoy Framjee at the Girgaum Police Court, and was ordered to be sent to the Government Workhouse.

EXPORTS.—The quantity of wheat shipped from the port of Bombay to foreign external ports and foreign Indian ports during the month of April, amounted to 92,775 cwts., valued at Rs. 4,36,287.

THE VEHAR LAKE.—The height of water in the Vehar Lake, for the week ending Saturday, 2nd June, was 47 feet and 3 tenths. In the corresponding week last year it was 47 feet and 4 tenths.

DAVE CARSON.—A large proportion of our front page is occupied to-day in announcing the entertainments which this favorite comedian has in store for the public. In three separate columns, it will be seen, he elaborately details the bills of fare he has provided for his numerous patrons.

THE THEFT AT THE BOMBAY BANK.—Yesterday, at the Fort Police Court, Shewlall Heeralall was brought up on remand and charged before Mr. W. Webb with committing theft at the Bank of Bombay of a sum of Rs. 975 in cash, the property of H. M.'s 20 h N. I. Upon the evidence adduced the prisoner was convicted and sentenced to two years' rigorous imprisonment.

STATEMENT OF SILVER BALANCE IN THE MINT.—The value of silver in the Mint on the morning of the 28th May 1877 was Rs. 1,17,83,473, add silver received during the week Rs. 25 45 401. The sum of Rs. 19,98,060 in new coin was paid during the week; the balance left was Rs. 123 31 814. There is in addition bullion valued at Rs. 35 84,555 belonging to private individuals deposited in the Mint vaults and awaiting assay.

CHOLERA.—It is notified that "whenever it may become necessary, on account of an outbreak of cholera or other infectious disease, to withdraw the lines of native troops, the material required for the purpose, together with all necessary utensils, will be supplied by the Public Works Department, the work being carried out by the troops themselves. In cases where the troops have been moved into camp, fatigue parties will be employed on the work."

H. E. THE GOVERNOR'S VISITS.—On Tuesday evening last, Sir Richard Temple, accompanied by his Aide-de-Camp, drove in a Government carriage-and-four to the temporary residence, Malabar Hill, of the Hon. Bhandarkar Ambaidas, member of the Legislative Council, and paid him a private visit. His Excellency then drove to the bungalow of Sir Mungaldas Nathoobhoy, C. S. I., Grigaum, where His Excellency was received with due honour by Sir Mungaldas. After spending some time in conversation, His Excellency drove to the Apollo Bunder and proceeded on board the Undaunted to pay a farewell visit to Admiral Corbett previous to his departure to Trincomalee.

MORTUARY RETURNS.—The total number of deaths registered during the week ending Tuesday, 5 h June 1877, was 747, being 111 less than in the preceding week, 375 more than the total of the week ending 6 h June 1876, and 412 more than the mean of the corresponding period in the preceding five years. During the week 267 births were reported in the different districts of the city. The rate of mortality per 1000 of the population was 58·10. There were 305 deaths from remittent fever which is 54 less than last week and 192 more above the same period last year. There were 109 deaths from cholera last week as compared with 122 during the previous week. The deaths from diseases of the respiratory system, diarrhœa, and dysentery were last week 49, 25, and 28 respectively, compared with 27, 7 and 19 last year.

THE MURDER IN THE NATIVE TOWN.—The adjourned inquest was resumed on Thursday at the J. J. Ho-pital in respect to the circumstances connected with the death of Shaik Ali Dada. The evidence of two policemen was taken; their statements corroborated that of the two previous witnesses, save any material point which appeared in our issue of yesterday, and as to the finding of the knife with which the deed was committed. Then followed the evidence of Ismail Nathoo, a dealer in cutlery, having his shop in the market opposite the Jumma Musjid; his evidence went to show that on the 25th May last he had sold a knife, similar to the one produced, for six annas, to Goolam Mahomed, (the alleged murderer); he recognized him as the man to whom he had sold the knife. From the circumstances attending the purchase of the knife, he (Goolam Mahomed) being a cripplеand unable to stand up, made his purchase in a sitting posture. The evidence of Dr. W. F Knapp, the Second Surgeon of the J. J. Hospital, which went to show that he attended deceased at the said hospital, and at the *post mortem* examination of his body he found the abdominal cavity filled with blood. The stomach near the right end was punctured as well as the large intestine. The wound in the abdomen was 2½ inches long, and appeared to have been made with a cutting instrument. The wound he had described could have been inflicted by the knife produced. He was of opinion that the cause of death was hæmorrhage from the wound in the abdomen which he had described. The Coroner summed up and the jury returned the following verdict:—"That the death of the deceased was caused by a stab in the abdomen with a knife, inflicted on him by Goolam Mahomed; under such circumstances that the act of Goolam Mahomed was culpable homicide amounting to murder."

THE WEATHER AT CEYLON.—It is more than ever apparent that we are now fairly in for the monsoon, and that we need not expect any more burs's beyond such squalls as are incidental to the season —*Ceylon Times.*

SIR RICHARD TEMPLE AT THE VICTORIA GARDENS.

THE band of the 20th Regiment, N. I., played at the Victoria Gardens last evening, when the attendance of visitors was more numerous than usual owing to the intended inspection of the gardens, as stated by us on Wednesday, by His Excellency the Governor. A 6 p. m., His Excellency drove up to the gardens in a Government carriage and four, accompanied by Mr. Buckland, Private Secretary, and Captain Dean-Pitt, Aide-de-Camp. His Excellency first inspected the Victoria and Albert Museum, at the entrance of which he was received by Mr. Shapurjee Pestonjee, assistant to the Curator, who showed His Excellency over the whole of the museum. Sir Richard then went into the gardens, and in company with Mr. McEwen, the Superintendent, took a rapid survey of the whole of the grounds. The menagerie, near which His Excellency was joined by Mr. Grant, the Municipal Commissioner, was also inspected. The party then proceeded to where the band was playing; and here His Excellency spent some time in walking up and down the promenade,—mixing freely among the crowd. His Excellency left the gardens soon after 7 o'clock.

METEOROLOGICAL OBSERVATIONS.

PASSENGERS BY THE HOMEWARD MAILS.

The P. and O. Co.'s s.s. Geelong, Captain C Fraser, will sail to-day for Aden and Suez with the English Mails and the following passengers:—

For Southampton.—Mr G F D Peppe, Mr and Mrs J Simpson and infant, Major W E Chambers, Mr A Macdonald, Capt Walter Lowrell, Mr N W Mackenzie (June), Mr G Matthews, Mr J Drummond, 2, Mr C Kemp and Mr T Hatton.

For Brindisi.—Mr F D Cunningham and Mr J A Shepherd.

For Venice.—Mr E A Prinsep and Mr T Croysdale.

For Malta.—Mr W F Peel.

For Suez Mr Joseph Jacob and Mr A Canning.

For Aden.—Colonel Mrs A W Twiss and Mr G W Taylor.

ALLEGED MISCONDUCT OF OFFICERS OF THE HEALTH DEPARTMENT.

YESTERDAY a case came before Mr. Webb, acting Chief Presidency Magistrate, in which Mr. Banajee Furdoonjee Paruk, owner of the house No 4, Hornby Row, was summoned at the instance of the Municipality for neglecting to obey a notice, served on him by the officers of his Health Department in April last, to remove nuisance that was alleged to be caused by the overflowing of a waste-water pipe in that house. Mr. Brunton, of the Health Department, appeared to support the information, and Mr. Owen (of Messrs. Crawie, Lynch, and Owen) represented the defendant. The case for the prosecution was that a complaint was lodged by the neighbours that nuisance was caused by the overflowing of the pipe in question, and that inquiries were made and notice was served on the defendant to remove the nuisance, but that had not been done. The defence was that the pipe did not cause any nuisance, and that the charge against the defendant was the result of a feeling of animus against him on the part of some officers of the Health Department, occasioned by his having complained to the Health Officer some time ago of a nuisance in the sweepers' gully attached to the house. One or both of the inspectors who were called for the prosecution stayed in Court that they had been into the house and had examined the pipe, and the defendant asserted that they had told Dr. Weir, in his presence and in the presence of Mr. Brunton, that they had not been to the house and did not consider a visit to it necessary. The magistrate adjourned the case till the 21st inst in order that he may visit the *locus in quo* and to admit of Dr. Weir, the Health Officer, being called.

DAVE CARSON'S MINSTRELS.

IN spite of a scanty audience at the Grant Road Theatre on Wednesday evening last, Dave Carson and his Minstrel *troupe* went through a very interesting programme in their usual style. Dave was as fresh as ever, and his local hits and allusions to current events were very rich. There are some who appear to think Dave somewhat personal at times; but the general opinion seems to be that the rice and curry which he serves up are only exquisitely flavoured by the pickle he provides with them. Although, to use Dave's own words, "all the members of the company stand on their merits," it cannot be doubted that he himself is the brightest black star of the company." Possessing a fund of humour of a kind, he "don't jokativeness" is an effectual antidote to all those gills that "flesh is heir to." In his favourite impersonation of the Bengalee Baboo, Dave was quite at home, his happy imitations of native English producing roars of laughter. As Anna Maria D'Crozo he evinced an intimate knowledge of the manners and style of conversation of an Indo-Portuguese female. It is to be regretted that an operation he had to undergo in the face—nothing less than the drawing of a tooth—afforded him occasional discomfort during the evening. A new and most amusing feature was added to the entertainment in the introduction, on the stage, of a monkey and a pig. The former, like Darwin's species, evinced outward and visible signs of inward humanity, but the latter was in reality a diminutive specimen of the genus porcine—a fact which was sufficiently palpable by its shrill and discordant squeaking on finding itself in such a novel position. The other members of the *troupe* went through their parts with their usual success. Mr. J. B. Farrell's vocal *melange*—"Jones's musical party"—being loudly encored. Messrs. Arnold, Boyle, and Norman were likewise in excellent voice. It reflects no small credit on Mr. Carson and his Company to state that, in spite of discouraging attendances, their efforts to entertain those present are by no means diminished.

To-morrow evening Mr. Dave Carson takes his "benefit" at Grant Road, when, it is to be hoped, his untiring endeavours to provide the people of Bombay with such varied amusements will be rewarded with a bumper house.

A LATE "CAUSE CELEBRE."

IT would be remembered that, in the last October vacation of the High Court, a plaint presented by Mr. Mayhew, in the case of Misree Khanum and another against Ayeshabee and another, was not accepted by the Chief Justice on the ground of insufficiency; that his Lordship asked for more detailed information; that the same plaint was subsequently accepted by Mr. Justice Pinhey; and that, on the circumstance coming to the knowledge of the Chief Justice, his Lordship taxed Mr. Mayhew with having made incorrect or improper representations to his brother Judge, and caused the plaint to be rejected. It was, however, accepted on the after the celebrated enquiry which took place at the High Court; and the suit, in its turn, appeared yesterday in Sir Charles Sargent's board. The object of the suit is the setting aside of a marriage between the defendant Ayesh-bee and a Mahomedan delighting in the name of "William Ballingall," as well as the appointment of a receiver for the property inherited by Ayeshabee. Mr. Mayhew, instructed by Mr. M. H. Khan appeared for the plaintiffs; and Mr. Budroodin, instructed by Messrs. Tyabjee and Sayani, for the defendants.

Mr. Mayhew applied that the hearing of the suit be postponed in order to give the plaintiff time to apply for the issue of writs of summonses from the Prothonotary's office against the defendants. It appears from affidavits filed in the matter that some time in the middle of April last, Sir Charles Sargent, who was then the chambers judge, made an order directing the plaintiff to amend the plaint by adding one Goolam Alee Parker party plaintiff, and William Ballingal *alias* William Mahomed, party defendant to the suit; and the hearing of the matter was peremptorily postponed to the first court day after vacation. The plaint was amended about the 25th April last, but no application for writs of summonses was made until about the 17th May last, when the Prothonotary, finding that the date of the suit had not been fixed for the hearing, there was not sufficient time, according to the rules, for the defendants to file their written statement refused to issue the summonses. Thereupon, after intimation given to the defendants, the plaintiffs applied to the sitting judge in chambers for an extension of time. Under the circumstances, the application was allowed and the defendants or the plaintiffs were ordered to file affidavits explaining the cause of the delay in not having issued the summonses earlier. The matter came on again before Mr. Justice Green in chambers on Tuesday last and was postponed until yesterday.

Mr. Budroodin argued that no postponement should be granted, and that, by reason of the plaintiff's default in not accelerating the hearing, the suit should be dismissed under section 5 of Act 23 of 1861.

His Lordship said the matter ought to have come on in chambers, he always understood so.

Mr. Mayhew said the chambers judge never passed an order in a matter which appeared in the list. Seeing in the list yesterday morning, the learned counsel went to Mr. Justice Green in chambers; and it was suggested to him that it would be preferable to take the matter before his Lordship (Sir Charles Sargent).

His Lordship said he could not quite understand why it should come on before him in court; it was a chambers matter. His Lordship felt somewhat embarrassed; for to dismiss the suit would be introducing new practice.

After some discussion, his Lordship allowed the suit to stand over until he had consulted Mr. Justice Green as to the practice whether such a matter should not be heard in chambers instead of in court.

THE LATE COLLISION IN THE HARBOUR.

DECISION OF THE MARINE COURT.

THE Marine Court composed of W. Webb, Esq., the Acting Chief Presidency Magistrate, John Gibb, Esq., commander of the ship Thomasina MacLellan, and the Hon. Sorabjee Shapoorjee Bengalee, reassembled yesterday at the Fort Police Court, and delivered their report in respect to the circumstances connected with the collision between the mutchwa Towkully and the British ship East Lothian on the evening of the 21st ult. while the latter vessel was working out of the harbour in charge of Mr. Pilot Cook, on which occasion the mutchwa was sunk and two lives were lost. After fully reviewing the evidence the report states,

"On full consideration of all the circumstances connected with this case, we do not think that the pilot, Mr. Cook, or any one on board the East Lothian should be blamed for this collision. We consider that the pilot is in no way to blame. He appears to have managed his ship in a seaman-like manner, and to have done all that he could possibly do under the circumstances in which he was placed to prevent the collision. His conduct, so far as it has come under our observation during this enquiry, is deserving of praise. The promptitude with which the East Lothian's boat was lowered when the accident occurred, and the way in which she picked up, reflects credit on Captain Hamilton, the master of that vessel, and is also creditable to his officers and men. The collision in our opinion was caused by carelessness on the part of the men on board the Towkully by their neglecting to observe the rules and carry by their neglecting to shew a proper light. The East Lothian's lights were burning brightly and are stated to have been in their proper places at the time of the collision. We would respectfully draw the attention of Government to the recent enquiries that were made into the rules being passed to compel tindals of native vessels to carry and exhibit good and sufficient lights on board their vessels during the night time, and to have the light exhibited in such a position as to be seen at a long distance off. With so many European and other vessels constantly coming in and going out of the harbour of Bombay, and with so many native vessels frequently crowding the mouth of the harbour, the Court are of opinion that every possible precaution should be taken to prevent collisions of ships and loss of life from this cause."

SEASON REPORTS.

THE following Season Reports for the week ending the 30 h ultimo are published for general information:—

Kurrachee.—Total rain since 1st January to Date 2 36. Mugshahis 245, Sakro 4·5. Only three cases of small-pox remaining in Kurrachee; it continues in Sehwan, Kotri and Sakro talukas. Baroda.—Small-pox and cattle-disease decreasing. General health good.

Kolaba.—Report for the week ending 28th ultimo.) Rainfall slight at Pen, 2 cents at Mangaon, and 1 inch and 25 cents at Mahad.

Ratnagiri.—(Report for the week ending 22nd ultimo.) Thirteen deaths from cholera in three talukas. Small-pox continues.

General Remarks.—Good rain in Dharwar, slight showers in Kanara, Kaladgi, Satara and Khandesh. Cholera continues in Southern Maratha Country, slightly less in Dharwar, and following Opium in Ahmednagar, commences in Surat. Weather very hot in Guzerat and Sind. No signs of monsoon.

THE NEW LOAN.

THE following Notification was issued this morning by the Government of India and republished in the *Bombay Government Gazette*:—

NOTIFICATION.

Simla, 7th June 1877.

His Excellency the Right Hon'ble the Governor General in Council has resolved to borrow Two-and-a-half Crores of Rupees for the public service in the manner following:

2. Promissory Notes will be issued for the said amount, bearing interest at the rate of four per centum per annum; the form and conditions of these notes will be those of the notes of the Consolidated Transfer Loan of 1842-43, of which loan they will form a part. No note will be issued for less than one hundred rupees, or for any amount not being a multiple of one hundred rupees: the notes will be payable to order, and interest thereon will be paid half-yearly, on the 1st February and 1st August in each year.

3. Tenders for the whole or part of the above-named sum of Two-and-a-half Crores of Rupees will be received by the Comptroller General from this date to noon of Monday, the ninth day of July next.

4. Each tender must be addressed, in the form annexed to this Notification, to the Comptroller General, Treasury Buildings, Calcutta, and enclosed in a sealed cover superscribed "Tender for Loan."

5. Tenders will be opened at the Office of the Comptroller General in Calcutta, at noon on Monday, the ninth day of July next.

6. The amounts of accepted tenders must be paid, in five equal instalments, on the following dates:—

One-fifth on Monday, the 23d day of July 1877:

One-fifth on Thursday, the 23rd day of August 1877:

One-fifth on Monday, the 24th day of September 1877;

One-fifth on Tuesday, the 23d day of October 1877:

One-fifth on Friday, the 23 d day of November 1877:

but the whole or any part of the amount stated in any tender may be paid at any time after its acceptance is notified.

7. Interest upon the amount of each payment will be paid to the Government of India, from the date when such payment is received, to the 31st January next.

8. Payment of the amount stated in any accepted tender may be made to the account of the Government in one of the Presidency Banks of Bengal, Madras or Bombay, or in any Branch of any of the Presidency Banks, or into any Government treasury or treasuries in India that may be named by the tenderer.

9. Each tender must be accompanied by a receipt from one of the Presidency Banks of Bengal, Madras, or Bombay, or one of their Branches, or from an Officer in charge of some Government treasury, or by a cheque on a banker in Calcutta, Madras, or Bombay, or by Government promissory notes payable to the Comptroller General, for not less than one-hundredth part of the amount for which tender is made: this deposit of one

Mr. NEUBERG has much pleasure in bringing the above Manufactory prominently to notice, it being, as he believes, the first of its kind in India, and respectfully solicits the favor of an inspection of the different brands above enumerated.

He submits that, in point of design, elegance of finish, and general get up, they are unapproachable, rivaling those from the best known Continental Manufactories, and he invites the true criterion of excellence—Public trial—with confidence.

THE INDIAN PIANETTE,
WITH SOLID ENTIRE IRON FRAME.

SOUNDY & Co.'s many years' experience in India has given them exceptional opportunities of seeing Pianofortes from all parts of the country that will not withstand the effects of this trying climate. They have therefore devoted considerable time and expense to the matter of constructing a thoroughly good and inexpensive Pianoforte that will be really serviceable, and have happily succeeded, after much trouble, in attaining this.

It is difficult to convey in an advertisement even an approximate idea of the qualities of the "INDIAN PIANETTE." SOUNDY & Co. would, therefore, invite intending purchasers of a Piano to see and judge for themselves. The instrument is made of SOLID CANADIAN WALNUT with black mouldings in relief; it has an entire iron frame, which render the strings quite independent of any wood bracings, which are not used in this Piano. THE PIN PLANK is firmly encased in the iron frame and securely bolted, so that it cannot possibly be affected by extremes of climate. THE SOUNDING BOARD is made of the very best seasoned wood and the bars are screwed upon quite a new principle. THE ACTION is of the very best construction and is DOUBLE CHECK, which gives a most delicate touch with great precision. The instrument has a TRICHORD TREBLE, which gives VOLUME and BRILLIANCY equal to a grand Piano, and the tone throughout is of a beautiful singing quality which renders it peculiarly adapted for brilliant pieces as well as an accompaniment to the voice. It has a FULL GRAND COMPASS OF 7 OCTAVES, so that the most modern and difficult works can be performed on the instrument.

The variations of climate, causing equal contraction and expansion of iron frame and strings together, the INDIAN PIANETTE, from its peculiar construction, will stand longer in tune than Pianos made upon any other system.

The greatest care has been taken to secure the instrument against the effects of insects and vermin, and although the case is of solid wood and substantial make, it is an exceedingly handsome Piano, whilst the compactness of the instrument renders it peculiarly adapted for transport to the mofussil.

The Price Rs. 450, places the INDIAN PIANETTE within the reach of all.

CASE, containing	8 dozen	Pints	Rs. 16 0
„ „	6 „	Quarts	„ 15 0
„ „	4 „	„	„ 13 0

APOLLINARIS
A NATURAL MINERAL
PURE, NATURAL, EFFERVESCING WATER
FROM THE APOLLINARIS BRUNNEN. WATER.

APOLLINARIS WATER.—THE QUEEN OF TABLE WATERS.—"A great boon to all, but especially suited by its absolute purity and mild alkalinity to ward off the most fatal diseases of TROPICAL CLIMATES."—*British Medical Journal.*

"Possesses organic purity in the highest degree, wholly charged with its own Natural Gas. The production of the spring is equivalent to 40 000,000 of quart bottles per annum."—J. A. WANKLYN, V. Pres. of the Society of Public Analysts, &c., &c.

APOLLINARIS WATER.—"FAR SUPERIOR TO ORDINARY MANUFACTURED AERATED WATERS."—*Medical Times.*

APOLLINARIS WATER.—"The favoured drink of the favoured classes. The fashion in the Clubs, and universally recommended as a pure, refreshing drinking water by the Medical Profession. Especially suited moreover for Tropical Climates."—*London Medical Record.*

"APOLLINARIS WATER has rapidly attained a great and well-deserved popularity in England. Particularly valuable to Indian livers or fearing a touch of liver or disordered digestion."—*Practitioner.*

APOLLINARIS WATER.—Inspector General Macpherson M.D., late H. M. Indian Army, author of "Baths and Wells," &c., writes: "The advantage of Apollinaris Water is the CERTAINTY OF ITS PURITY. In India it is difficult even with every care to obtain water for the manufacture of soda Water that is free from impurities. THE APOLLINARIS WATER OUGHT TO BE A GREAT BOON TO INDIA."

Professor Macnamara, late Prof. University of Calcutta, &c., writes: "Soda Water in India is frequently polluted with drainage and organic impurities, which are the direct cause of cholera, cholera and dysentery. Apollinaris is absolutely pure. I STRONGLY ADVISE INDIAN RESIDENTS TO DRINK IT. IT IS FAR MORE REFRESHING AND WHOLESOME THAN SODA WATER."

Consumers can now be supplied with Apollinaris Water in Soda Water Bottles which can readily be sold when empty. They are cautioned to see that Bottles have SMITH, BIRKMYRE & Co's name on the Label, otherwise they may purchase water not properly bottled for export.
